## **Chapter 1: How You Approach Life and How You Appear To Others**

### *Leo Rising:*

Ferociously proud and somewhat vain, you like to be impressive and to be seen as Somebody Special. You are not timid, meek, or self-effacing, and are rarely content being in the background or in the subordinate position. You are a natural leader, and do not take orders from others very well. You must have something of your own, something creative - be it a business, a project, a home or whatever - that you can develop and manage according to your own will and vision. Whatever you do, you do it in a unique, dramatic, individual way. You like to put your own personal stamp on it.

You also have a very strong sense of dignity, self-respect, and personal honor and are deeply offended if someone treats you in a humiliating or dishonorable way. You will rarely confront the offender - you are too proud to do so - but you will lose your affection and respect for them. You dislike pettiness and hate to be snubbed or ignored.

You admire others who are strong individuals like yourself. When you befriend someone, you are tremendously loyal, sincere, and willing to go to extraordinary lengths to make that person happy. You are very giving and generous, but your gifts are never anonymous - you expect recognition and appreciation for them. You also expect the intense loyalty that you offer to your dear ones to be reciprocated. However, you often have trouble working with people who are as strong as yourself, for you do not really cooperate or share the leading role very easily. If you are not in the leading role, you aspire to be and will compete with the person who is.

You have great heart and courage, and people often look to you for strength, encouragement, and affirmation. You always have your best face forward and rarely allow others to see you hurting, disheartened, or vulnerable. You also have a very strong need for love, admiration, appreciation, and praise, although you don't like others to realize just how important it is to you.

Your outlook on life tends to be very personal and rather self-centered. Your own self-expression, self-actualization and self-realization interests you more than anything else. You feel that if you do your best where you are, the rest of the world will take care of itself.

## **Chapter 2: The Inner You: Your Real Motivation**

### *Sun in Gemini:*

You are, in many ways, an eternal child. Your mind is bright, alert, curious, flexible, playful, and always eager for new experiences - and your attention span is often quite brief. You grasp ideas quickly and once your initial curiosity has been satisfied, you want to go on to something else. You crave frequent change, variety, meeting new situations and people.

It may be hard for you to decide just where your talents and true vocation lies, for you have a multitude of interests and are loathe to limit yourself by concentrating on just one. You are easily distracted by all of the other fascinating possibilities. Your curiosity and restlessness propel you into many different experiences in life, and you are willing to taste or try anything once. Doing the same thing over and over again, even if it is something you do well, is real drudgery for you.

You live in your head a great deal - reading, observing, thinking, spinning ideas around - and you

need mental stimulation every bit as much as you need food and drink. In fact, if you had to choose between a good book or movie and a good lunch, you would very likely choose the former. You have a creative mind and often live by your wits.

You are also a very social creature, with a strong need to communicate and to interact with people. You enjoy using and playing with words and have a real flair for getting your ideas across in a clever, interesting, articulate manner. Writing or speaking are areas you have talent for.

You also have a rather light and mischievous sense of humor, and often do not take anything too seriously. Though you crave emotional involvement, it is hard for you to achieve it, for you are frequently unwilling to commit yourself to anything, to take responsibility, or to limit your personal freedom and mobility.

Your happiness lies in using your creativity and your language skills to communicate something meaningful, to teach, inspire, or bring people together. You have an unbiased mind and can usually offer a fresh, clear, uncluttered perspective. Your faults are your lack of constancy and persistence, and your tendency to overlook or ignore deep emotional issues and other people's feelings.

#### *Sun in 10th house:*

Your career, reputation, and public image are very important to you. You have a strong desire to be influential or make your mark on the world. The merely personal sphere does not satisfy you; your ambitions include making a major contribution and receiving broad recognition for your unique effort and gifts. You may undervalue the personal or inner side of life.

#### *Sun Conjunct Uranus:*

Innovative, original, unorthodox, and unconventional, you identify with the role of rebel, reformer, or iconoclast. You insist upon a great deal of personal freedom and do not easily adapt yourself to others' needs and wishes. You need a lifestyle that allows you to be spontaneous. Often you feel that you are somehow different from other people and outside the mainstream of society.

#### *Sun Opposition Moon:*

You often feel that you are at cross purposes with yourself, for your conscious intentions and desires conflict with your subconscious emotional needs and drives. You are pulled in two different directions. You have difficulty satisfying both your need to be an individual and your need for caring relationships and a sense of belonging. Also, you send out mixed messages so people don't always know how to respond to you or know what you really want, thus creating confusion or conflict in close relationships.

#### *Sun Sextile Mars:*

You are positive, vital, energetic, active, a go-getter. You enjoy competition, and your initiative and self-confidence make you a winner.

### **Chapter 3: Mental Interests and Abilities**

#### *Mercury in Cancer:*

You are highly interested in inner, subjective, and personal issues, and your thinking is based more on feelings, intuition, personal experiences, and prejudices rather than reason or logic. Intellectual

abilities and accomplishments without heart or soul mean little to you. You are empathic and would be an excellent counselor, for you are a sensitive listener and deeply interested in a person's feelings and inner life. In addition to psychology, you are drawn to education, art, poetry, music, or mythology. You are not especially confident about speaking in public, but will open up and share your thoughts in small, intimate groups. You enjoy keeping a diary or personal journal and reading the chronicles of others' lives and personal development.

*Mercury in 11th house:*

You have a good understanding of group trends, politics, mass movements, and community affairs. Sharing ideas with groups of people is something you do well and are likely to be involved with. You collaborate well in group efforts and are likely to be part of a successful team or large organization.

*Mercury Square Neptune:*

Your mind is highly imaginative and creative and you possess dramatic, artistic, or musical abilities. As a child, you enjoyed daydreaming, fantasizing, pretending, and probably lived in "your own little world" a good deal. You perceive things which are not obvious to other people and you have an uncanny ability to "read" people and situations without being told anything about them. However, you must learn to discriminate between a true psychic perception and your imagination. Learning to discipline and focus your mind is necessary if you wish to use all of your creative potential. Otherwise, you could be simply a dreamer.

Communication with others is difficult for you because you often find words frustrating and inadequate to express your experiences and perceptions. Also, you may purposefully mystify or deceive others.

#### **Chapter 4: Emotions: Moods, Feelings, Romance**

*Moon in Sagittarius:*

Open and generous, you enjoy a wide circle of friends and acquaintances and you thrive on sociability and fellowship. You are adventurous, playful, freedom-loving, and always ready for a good time. You rarely allow obstacles or difficulties to keep you down, for no matter how bleak the past or present, you always expect a better, brighter future. In fact, you are uncomfortable with your own or other people's problems and emotional pain. You often try to "cheer up" or offer philosophical advice to those who are hurting, but unwittingly you avoid or ignore the emotions involved.

Friendship means a great deal to you, perhaps even more than love or romance. For you to be happy, your mate must be your best friend and encourage your aspirations and ideals. You also need a great deal of emotional freedom and mobility.

*Moon in 4th house:*

You have strong attachments to your past, the place where you grew up, your heritage, and family traditions. In fact, you may be unable to step out of the habits and roles you learned as a child. Your tie to your mother is very strong and you also seek mothering and protection from your spouse and other family members as well.

*Moon Opposition Uranus:*

You crave excitement, change, and discovery, and cannot tolerate a routine or lifestyle that offers

little in the way of surprise or challenge. Excitable, spontaneous, and enthusiastic about anything new, you may be perceived by others as being too impulsive, especially in personal relationships. It is not easy for you to make or keep commitments, since you don't know how you will be feeling from one day to the next. Emotional freedom is very important to you. Your domestic life can be very unstable - but you like it that way.

*Moon Sextile Jupiter:*

You are easygoing, agreeable, and tolerant, willing to overlook others' mistakes, forget the past, and begin again on a positive note. You enjoy making others comfortable and happy, and sometimes overdo your generosity. You often feel that "everything will turn out all right no matter what I do", and so become lazy and lackadaisical.

*Venus in Cancer:*

Sensitive and sentimental, you are deeply attached to your family, old friends, familiar places, and the past. You are romantic and tender in love, and the remembrance of birthdays, anniversaries, family rituals, and other days of personal significance is very important to you. You seek caring, emotional support, and security in love. You like to be needed, to cherish and protect your loved ones, and you are somewhat possessive of them.

*Venus in 11th house:*

You are a very sociable, congenial person and you wilt very quickly without the company of good friends and people to share good times with. You thoroughly enjoy working with others on group projects or community activities. You are quite happy when you are a part of a club, support group, or team of some sort.

*Venus Conjunct Saturn:*

Intimacy does not come easily to you and you may appear cold or unfeeling to others due to your emotional reserve and caution. Perhaps due to painful relationships and separations in your early life, you do not trust others very easily and it takes a long time to take down all of your barriers and defenses. You may feel that you have few friends or people that really care about you. You need to learn to value and love yourself more and to express your appreciation for others more openly.

## **Chapter 5: Drive and Ambition: How You Achieve Your Goals**

*Mars in Leo:*

You are proud and ambitious, and you strive to excel, to stand out and be recognized for who and what you are. You have a very strong ego drive and like to be Number One. You find it difficult to take orders from others or to stay in the background, and you hate being wrong; you always insist that you are right!

You are forceful, strong, energetic, determined, and highly competitive. You play hard, you play to win, and you do not give up easily. In fact, you see life as a competitive sport or performance. You love admiration and applause, and you have a strong sense of personal honor and integrity. You tend to be very self-confident, even arrogant. Because of your belief in yourself, you are able to accomplish much, but if your confidence is ever undermined, you become self-conscious, defensive, and rather belligerent.

#### *Mars in 12th house:*

Asserting yourself and being direct and forceful about what you want is very often difficult for you. Though you may have a great deal of energy and drive, you lack confidence or simply the desire to put yourself and your interests first. Positively you can be very unselfish, working more on behalf of others rather than for yourself.

You deny your own desires and needs too much, however, and you are likely to secretly become very angry, which will sabotage your finest efforts.

### **Chapter 6: Other Influences**

#### *Jupiter in Libra:*

Your strengths lie in your ability to cooperate, to be diplomatic, and to know just what behavior is called for in whatever social situation you find yourself. You also possess a strong sense of fairness, the willingness to listen to opposing viewpoints and opinions, and the ability to be (or at least seem to be) impartial and moderate, rather than extreme and one-sided.

#### *Jupiter in 2nd house:*

Wealth, material well-being, and prosperity are very important to you, and you would never choose a profession that didn't offer you great promise and opportunity for growth (financial and otherwise).

You are very generous and sometimes careless with money; you don't want to hold on to it, you want to enjoy it and use it to enrich your life. Whatever you do with your money, you do in a big way - making it, spending it, or blowing it! You may accumulate elegant, high quality things (art, jewelry, etc).

#### *Jupiter Trine Uranus:*

You have a knack for bringing new ideas and plans into fruition with less difficulty than others. Your positive, enthusiastic attitude attracts helpful situations and opportunities to you.

#### *Saturn in Cancer:*

You fear becoming emotionally dependent upon others, and may distance yourself or deny your needs for closeness and intimacy so that you won't be vulnerable to rejection or abandonment. On the other hand, you may cling excessively or need constant reassurance from loved ones and family. Developing a deep, inner sense of security, as well as the ability to give and receive nurturing are important tasks for you.

#### *Saturn in 11th house:*

You are generally not a "joiner" and do not feel comfortable in clubs, organizations or other groups of people that are centered around some common ideal or interest. If you do participate in a group, you may find the rules and procedures restrictive - or you may simply feel that you do not fit in with the others.

Being alone or with older, more experienced people suits you better than being with groups of your own peers.

#### *Uranus in Gemini:*

You are part of a 7 year group of people who are progressive and creative thinkers. Academic achievement is high and academic standards are higher with your age group than with others. You are a curious and inquisitive bunch, and many discoveries and clever insights are brought forth from your age group. The love of learning never dies with your age group, and your curiosity and inquisitiveness does not wane in later life, as is common with others.

#### *Uranus in 10th house:*

You are likely to have a career that is highly unusual or that somehow challenges the mainstream of society and the status quo. Being an instrument for progressive change in the world is your role, whether in a humble or grand manner. You need to shake things up wherever you are. You also may change careers, life direction, and your long range goals many times in your life.

#### *Neptune in Libra:*

You are part of a 14 year group of people who have a very idealistic sense of brotherhood and universal cooperation, which, among other things, fostered the peace and freedom movement. Your age group is also interested in the spiritual philosophy and ideals of other cultures, and is not at all dogmatic in its approach to religion. You incorporate the approaches of other religions. Your age group tends to have an eclectic approach to religion, utilizing elements from many religious perspectives (e.g. Eastern and Western), and finds it difficult to follow traditionally defined religious practices.

A gullibility and an unwillingness to be decisive and judgmental inclines your age group to be easily deceived, and consequently many of the well-intended ideals and goals are frustrated by a lack of clear purpose and direction.

#### *Neptune in 2nd house:*

You may have a great deal of confusion over money, financial matters, and ownership. Perhaps these things mean very little to you. Or possibly you simply don't know how to deal with them in a realistic, effective way.

Also, you may make your living through artistic, musical, or highly imaginative endeavors.

#### *Pluto in Leo:*

You are part of a 20 year period that is often referred to as the "ME" generation, a generation that has a very proud and self-reliant attitude. You are a generation that is very concerned with self-development and personal integrity. Women's rights and minority rights are issues that your generation has fostered and they reflect your concern with individual respect, integrity, and honor. Your age group has a deeply felt sense that each person has an equal right and opportunity to fully develop his or her inner potential.

However, your group also finds it difficult to be part of a team and a strong egotism makes group efforts difficult; you tend to see the individual as more important than the group. You also defy authority and often feel that no one has the right to tell you what to do. The strong movement to refuse drafting into the military is one example of your age group's strong sense of individual rights and freedom.

Your age group has popularized the idea of self-development, and has contributed a great deal to the development of individual potential as well as human rights. However, there is also a tendency to

be rather self-centered; others may wonder how you can spend so much time developing yourselves and have so little time to contribute to your families!

The interest in personal development also sometimes manifests as a fascination with particular individuals and a great deal of hero worship. Every generation, of course, has lots of idols, but your generation is particularly prone to needing a specific individual to represent and embody an idea or feeling, and to serve as a focal point of interest. Perhaps the most extreme example of this is the concept of the guru that was popularized by your age group.

*Pluto in 12th house:*

You have a deep interest in secrets, the underworld or unconscious, and anything hidden and mysterious. Psychoanalysis, investigating your dreams, and other methods of uncovering secrets are very interesting to you. You may be exceptionally perceptive intuitively or psychically. Your emotions and subconscious energies are complex, and periodic transformations and personal crises are sprinkled liberally throughout your lifetime.
